Jared "DJ Red" Weir

"I love the ability to curate and create a unique musical experience and then being able to share it with people in a celebratory setting."

Jim Brereton

"Djing is not about choosing a few songs. It is about generating a shared mood for every person listening. It is about understanding the feelings of a group of people and directing them to a better place."

Bryan Podworny

"Nothing feels better than knowing you've done absolutely everything you can to make an event that much better. The client deserves it. Their guests deserve it. We have an opportunity to give it to them."
